LOCAL.

TRAINS left Calgary on time.
The lower ferry began running again on Monday afternoon.
The river is being crossed to-day by passengers in small boats.
C. M. WOODWORTH, barrister, has removed his offices to the BULLETIN building.
MR. AND MRS. DOUGLAS PETRIE leave for Scotland about the 20th on a six months visit.
J. T. BLOWEY has removed to his new residence on Second street, Hudson's Bay property.
ALEX. TAYLOR and Dr. Wilson returned from the Indian treaty payments in Saddle Lake agency on Tuesday.
The department of interior have issued new maps of the Edmonton land district revised up to May 23rd, '94, and showing all the latest surveys.
If the ice continues to run as thickly this evening as this afternoon the mail will not be brought across to-night, as there would be too much risk in attempting the crossing after dark.
The orchestral society, assisted by local talent will give a concert on Wednesday the 21st for the benefit of the Watson family. An excellent programme is being prepared. The choir will be taken by Mayor McCauley.
W. HODGINS, western manager of the Ontario Mutual, arrived on Monday's train and leaves tomorrow. He visited Edmonton four years ago and is highly pleased with the progress shown by the town and country since.
J. T. BLOWEY has just completed a handsome residence on Second street Hudson's Bay property. The main building is 22x26, two stories, with rear addition 14x16, a story and a half high. The building is heated by a furnace, and is finished in the very best style throughout.
The sale of cakes by the ladies of St. Joseph's Roman Catholic church in the C.M.B.A. hall, Third street, last night was very successful. Notwithstanding the very stormy weather there was a large attendance, the hall being crowded. The room was prettily decorated with flags, lanterns, noisettes, etc. Mrs. Duplessis presided over the sale and Miss Roy and the Misses Papineau acted as assistants. The whole of the cakes were sold and \$54 was realized for the funds of the church.
The announcement of the C. P. R. cheap winter excursions to eastern Canada is issued. Tickets will be for sale from Nov. 20th until Dec. 31st good for three months with stop over privileges. Extensions will be granted on payment of a small additional amount. Palace sleeping cars, dining cars, first-class coaches with high backs and reclining seats, also new family apartment sleeping cars on all through trains from Winnipeg to Toronto and Montreal for which a very small extra charge is made. The rate from Winnipeg to Toronto or Montreal and return is \$40, with proportionate rates from western points. The rate from Edmonton has not yet been announced but will probably be \$39.50.

A CAR of settlers' effects arrived on Monday's train.
A CAR load of settlers' effects was left at Wetaskiwin by Monday's train.

JOHN CAMERON returned from a trip to Calgary and Banff on Monday's train.
CAPT. SEGARS and his daughter Mrs. F. D. Fortin arrived from Winnipeg on Monday.

THE Columbia house opened for business on Monday; but was formally opened with a free dance last night.

A SALE of household furniture will take place at 8 p. m., Saturday, at Turnbull & McAdan's auction mart.

The annual meeting of the curling club will be held in Jas. McDonald's office on (this) Thursday evening, Nov. 15th, at 7:30 o'clock.

MRS. STUDEBAKER returned from Banff on Monday's train where she went to undergo a surgical operation. She is very much improved in health.

A MAGPIE, one of the first ever brought into Mr. Martin's taxidermist shop, was sent up from Red Deer on last mail. The magpie is a rare bird in the Territories.

MRS. MASON has opened a dressmaking establishment in the building between the BULLETIN office and Graydon's drug store, recently occupied by W. T. Henry & Co.

C. LUXON of Grand Forks, N. D., who came in early in the year and took up land east of Fort Saskatchewan, returned on Monday's train to settle on his homestead.

MR. CHELLEY, of Spokane, Washington, who was here to look at the country last summer, came in on Monday night's train with ten head of horses for the purpose of settling.

MR. STENNETT has leased the building on the corner of Queen street and Jasper avenue next door to Mr. Rayner's, where he will buy furs during the season for an eastern firm.

SETTLEMENT is extending along the north side of the Saskatchewan between Fort Saskatchewan and Victoria. There are now settlers as far east as the Vermilion 20 miles west of Fort Saskatchewan.

J. WALSH, fur buyer for Ullman & Co. St. Paul, is on his return journey to Edmonton, buying up lots of fur on his way. He will visit points in British Columbia before returning and expects to be here next Monday.

J. A. CALDER, inspector of public schools, arrived on Monday night's train and on Tuesday visited the Roman Catholic school at Fort Saskatchewan. Yesterday he made an official inspection of the school at the Sturgeon near Mr. Cousineau's.

IN coming up from Calgary on Monday's train, Mr. Cameron did his utmost to persuade a Kansas representative to stay over and see the country; but he avowed that he could not stay three days, and went back on the following train. Such is the inconvenience of a twice weekly train service.

WORK upon the foundation of a large agricultural, sale and exchange stable 100x60 to be used as a livery and feed stable for the Columbia hotel, is being erected by Mr. McDermott in the east end near the hotel. It is the intention of the proprietors to store grain there and have periodical sales of horses, cattle, etc.

C. D. T. BECHER of the H.B. Co., Morden, Man., and lately of the H. B. Co. Edmonton, will enter into life partnership on the 25th inst. The happy event will take place at Butte City, Montana and the lady is Miss Casey, sister of Insp. Casey at one time a resident of Edmonton.

MONDAY'S train was seven hours behind time, not reaching Edmonton until about 2 o'clock on Tuesday morning. The delay was caused by a snow storm on the main line east, and the Edmonton train was held at Calgary until 4 o'clock on Monday afternoon in order to give through connection with the east train.

A TEACHERS' convention will be held in the Edmonton public school to-morrow morning and afternoon which will be addressed by teachers of the district. Papers will be read and a question drawer be opened. J. A. Calder, inspector of public schools will be present and read a paper entitled "Notes from the field." Persons interested in school work are invited to attend the convention.

THE Edmonton orchestral society will give a charity concert in Robertson hall on Wednesday evening, Nov. 21st, assisted by a number of ladies and gentlemen in the town who have very kindly volunteered their services. The concert will consist of vocal and instrumental solos, ballads, trios, quartettes, etc., interspersed during the evening with selections by the orchestra.

HER Majesty's mail came nearly being carried down the river on Monday night, or rather, early on Tuesday morning. Mr. McCauley was crossing from the station when on nearing this side a large float of ice came down and passed over the ropes that guide the ferry. Had not the water been very shallow, and the men on board been able, with large poles, to keep the ferry from breaking away, it would surely have been carried down stream.

A MEETING of ladies called by the W. C. T. U. was held in the Baptist church at 3 p. m. on Tuesday. Mrs. S. S. Taylor occupied the chair and Mrs. Jas. McDonald was secretary. The meeting was called to discuss the project of a free reading room and to hear reports of committees which had been working on the subject. It was decided to call a public meeting of citizens for Monday, Nov. 19th in Robertson hall at 8 o'clock to further discuss the project.

S. A. BENT, travelling passenger agent of the Canadian Pacific railway and United States connections, came in on Monday's train. The immigration business of the C. P. R. has been transferred from the land to the passenger department and Mr. Bent has been actively engaged in immigration work in Kansas and Nebraska during the past summer. He believes fully 3,000 people will leave Western Kansas and Nebraska for the Edmonton country in the spring. Mr. Bent is here for the purpose of informing himself regarding the Edmonton district with a view to the better forwarding of immigration work during the winter.

W. T. HENRY went to Calgary on Tuesday's train.

A CAR of shingles for Fraser & Co. arrived on Monday's train.

P. UMBACH is erecting a dwelling on Sixth street, river lot twelve, 16x32, a story and a half high with lean to 10x16.

A POST office has been opened at Whitefish lake, on the mail route between Saddle lake and Lac la Biche. Mr. Degear postmaster.

THE weather changed suddenly yesterday and during the afternoon a little snow fell partially whitening the ground. During the night there was a high cold wind, and hard frost. To-day is bright, clear and breezy, but the frost still holds. No doubt winter has commenced.

A NUMBER of German families who arrived a week or two ago and have since resided in the immigrant shed awaiting the arrival of other members of their party, went back to Wetaskiwin on Tuesday's train, near which place their friends had selected land.

MR. BETOURNEY, Inspector of Roman Catholic Indian schools, has finished his work in this locality. He reports the schools well conducted but small owing to this being the season of the fall hunt. The Indians of this district seem to have done more work and made more progress during the past year than those of other parts of the Territories.

EDMONTON BULLETIN, NOVEMBER 15th, 1904.

BOARD OF TRADE REPORT.

The following is the report adopted at the meeting of the board of trade held on Tuesday evening.

As our next regular general meeting is the annual one which takes place on the first Tuesday of February for the election of officers for the year, your council desire now to give some account of their stewardship by the presentation of an interim report.

The regular quarterly general meeting was deferred owing to the secretary-treasurer being laid up through an accident.

No further action has been taken concerning the appointment of a resident judge. But the council has not lost sight of the necessity of reducing the cost and tedium of legal proceedings. We have to thank the Northwest Assembly for taking an important step in this direction by simplifying and cheapening the procedure for collection of small debts.

Your committee on C.P.R. freight rates, Messrs. Kinnaird, McCauley and Lines, made an excellent and exhaustive report which was duly forwarded to Mr. Kerr. The number of our well-founded complaints and consequent requests for reduced rates appear to have alarmed the management of the railway, and the only concession gained was a reduction of 40c. per ton on the old rate of \$2.65 on coal to Calgary, which is now \$2.25, being 25c. more than we contend for. The committee is still engaged in its arduous labors, concentrating their attack on the export rates on grain to the interior and seaboard of British Columbia as the most important for the district at large.

The Hon. Mr. Daly was duly thanked for his services in securing the passage of the appropriation for the bridge, and replied with his usual courtesy expressing his determination to see the appropriation applied and work commenced forthwith. As the period of masterly inactivity which sometimes intervenes between an appropriation being made and the work actually commenced became too prolonged your council sent a telegram the other day asking him to see his colleagues on the matter and wire us the result. To this we have received as yet no reply.

Your council would therefore desire the voice of this meeting to be declared on the question. The right of the Edmonton district to have a bridge and the absolute necessity for its speedy completion being freely recognized by the government, the leader of the opposition, and the Governor-General himself, we are at a loss to account for the delay in commencing it. It is above the sphere of party politics and this board, representing no party and no section but striving for the common weal of the whole district of Edmonton, should emphatically protest against further delay in bridging the only gap between us and the railway system of America. All bodies and parties and individuals should be enlisted in the common cause and an agitation inaugurated to be continued without ceasing until our end and object has been attained.

We anticipate the pleasure of seeing our members from St. Albert at this meeting and hearing from them their views on things in general and the proposed wagon road to Peace river in particular.

We congratulate ourselves on the recent election to the Northwest Assembly Messrs. Oliver, Tims and Maloney, three distinguished members of this board, whose efforts in the honorable and influential position to which they have been chosen will, we are confident, be directed to further the business interests of the whole district of Edmonton.

As directed at last general meeting telegrams were sent and letters written to the government requesting tests to be made for coal oil at Egg lake before the government drill should proceed to Athabasca landing. A contract having however been made with Mr. Fraser previous to his departure from Ottawa, Mr. Daly could not alter the arrangement. We are satisfied from the results of the drilling operations, (which unfortunately have been temporarily suspended) and from the reports of the geological survey that petroleum will be struck shortly after boring is again resumed next spring. The consequences of the vastest known field of petroleum in the world being tapped in our district would be great and far-reaching. Our town and country would

leap at once into world wide prominence. Capital would pour in. A rush of agricultural settlers, eager to secure farms in a prospective mining and manufacturing district, would take place. Railways from the east and west and south would compete for our traffic. The Saskatchewan river would be bridged by private enterprise, and the first settlers and business men who have prepared the way for the great influx of civilization would reap the reward of their early toil and enterprise. The council in anticipation of the increased desire for information caused by this probability of finding petroleum, the recent actual finding of gold bearing quartz and mica in the vicinity of Jasper Pass, the success of gold mining on the river, as well as the more favored agricultural condition of the country, recommend that our annual report take the form of a compilation, bringing down to date in an authoritative and accessible form of statistics of the district with full information as to its resources, trade and prospects, and the inducements it offers to capitalists, business men and settlers. To appoint committees and members specially qualified to give and obtain information on the subjects to be embraced in this proposed extensive report is one of the main objects for which this meeting has been summoned. It is desirable that the work should be worthy of the naturally rich district in which we have been so fortunate as to cast our lots. Our district, though it is the most remote, this season has attracted four-fifths of the total immigration coming into the Dominion, and with the exception of a few of the Germans who came without the means of making a fair start as farmers, the class of immigrants has been a most desirable one. There is every prospect of this influx going on and increasing in volume, more especially that from the United States, which, owing to depression in business, was deterred by the inability of intending settlers to realize even fair prices for their property there. Business is now recovering from this period of depression which has been world wide, and our district will share in the better times to a much greater extent than it was affected by the depression prevalent elsewhere.

Though we have not been entirely exempt from the drouth which affected the less favored portions of the Territories, we have cause for thankfulness for a generally fair and in many places for a harvest as bountiful as ever. Prices are low, and in so far as they are regulated by the markets of the world, uncontrollable; but in so far as these are rendered unjustly low by excessive freight rates to our natural markets, we are endeavoring to control them by appealing to the C.P.R. for redress. The influence of a board of trade is so measured by its membership that it becomes the duty of every man eligible to become a member to join it and add to its numerical and financial strength. Unity is strength.

The growing importance of the place has been manifested by its being deemed worthy of visits from our Governor-General and the Hon. Mr. Laurier, who came and saw and were conquered by the magnificence of our agricultural products and the beauty of the site of the town of Edmonton and its surrounding country. That shrewd business men grasp the importance, present and prospective, of our town and country is evidenced by the recent establishment of a branch of the Banque Jacques Cartier, and a wholesale grocery store by McKenzie, Powis & Co. in addition to that of G. F. & J. Galt.

British Columbia being our nearest market and the City of Victoria fully as much interested as ourselves in promoting the construction of a railway through the Yellowhead pass, correspondence has been opened with the board of trade, a highly influenced body there. We are to keep each other informed on all that bears on the proposed railway of which under the name of the British Pacific there appears some hope of commencement. Through the kindness of the board of trade of British Columbia we have been supplied with their instructive and valuable report and complete maps of that province.

We are indebted also to the geological survey of Canada for report and maps of the Edmonton country and the great districts tributary to us in Peace River, Athabasca and Mackenzie River.

These reports and maps are very valuable and are we trust the nucleus of a library, which we hope our representatives in the Dominion and local legislatures may increase by the donation of suitable bluebooks. A library with standard works of reference for business men and a reading room supplied with business periodicals, are objects to be attained as our finances and membership increases. Though the town council have been so good as to promise to display a government exhibit of the

natural products of the district in the town hall, their intentions have not been carried out. The proper place for such an exhibit would be in our own rooms, could we afford to provide the needed accommodation.

On the representations of your council the Northwest government appointed a district board of health, and diphtheria, the immediate cause of these recommendations, has been apparently stamped out. Constant watchfulness is however necessary owing to the laxity of the quarantine arrangements outside, which permits immigrants infected with diphtheria, scarlet fever and measles, to be landed here in our midst without warning.

In this connection we may remind you that your council was, through at great trouble and some expense, the means of obtaining for the Northwest mounted police the authority which they needed to deal with the outbreak of anthrax which was reported last June, and any similar disease in future.

A preliminary movement in clearing away the rubbish and ploughing the ground around the new land and registry offices with the view of beautifying them with shrubs and trees from the experimental farm has been made. This improvement was suggested by us to the government which very readily and handsomely granted an appropriation for the purpose. The government desires suggestions from the board as to suitable trees and shrubs and we will be glad to hear from any member duly qualified on the subject.

Your council took up the subject of securing a public park for the use of the agricultural society and other organizations requiring such grounds. As no general agreement on a suitable and attainable site has as yet been come to this important matter lies in abeyance. Such fair and recreation grounds, and the need of a market place in town are subjects which may not be lost sight of by the board.

All of which is respectfully submitted.

THE ELECTION AT OLDS.

EDITOR BULLETIN.

The village of Olds and surrounding country have just "clim" out of the first election show of the district's history and all are thoroughly satisfied that "votin" is carried on upon just about the same fashion as from where we "severally" come. The west Calgary constituency put up a triangular fight and the race was very even; although as has been observed on a few (7) previous occasions of a similar character, the flowing bowl brings out all the intelligent voters and the best man is elected—to remain at his vocation. This little burgh was alive on that day as she never had been before. Indeed it was a few hours of intense excitement and amusement combined. Some of the easily persuaded voters were pulled like the neighbor's dead cat, before they had a chance to vote. Others grew too "glorious" to cast their sacred (7) ballot at all, while one party "paired" with another who had already voted, and when this fact was discovered (after the polls closed), voter No. 1 was ready and willing to pound the tar, and several other constituents out of voter No. 2, and thus ended the farce—barring many sore heads and bleary eyes upon the following morning. It seems truly ridiculous to see hotels "closed" on the day of the battle of the ballots, and then the gurgling slop of bug juice to be heard at almost every turn. We presume that the bars are closed that no "influence" may be brought to bear upon a shaky voter for fear that a voice might be manifested in contradiction to said voters' conscience. Oh! the far sightedness of the framers of such a brainy ordinance is enough to almost make the eye-lid of an Egyptian mummy quiver. And yet we sit idly by and lazily ask "how is it to be stopped?" or some other fool question, and then try to prove that we are, always were and ever will be, for reform. The temperance people are to a remarkable degree to blame for the cause not having made greater progress. They regard the fact of a temperance man with his all invested in business, as a matter of little moment, and trade with a guzzler if they think five cents is to be saved thereby. If an abstainer perchance to fall in the hands of an enemy, many of the temperance lovers are afraid to lend a helping hand for fear of courting the ill will of the saloon. Not a few again "take no interest in politics" and remain at home on election day, which occurrence in some cases just accounts for an honest man being defeated. The latter was forcibly illustrated here on Oct. 31st. We could have enjoyed the election of Mr. A. L. Sifton to the seat of representative in the Northwest assembly, but for the stay-at-homes about Olds. And now we will have to put up with the latter's wails of not having such men as we wish to represent us. "But, 'twas ever so"—we are told. However, this lends little consolation when we see the terrible results of downright carelessness. When every man of us is up and doing, willing to sacrifice time and means, glad to hold up the hand of a brother, then we'll observe the wheels of progress in this line of the greatest of reforms, moving at a more rapid rate. And may God speed that day.

GENERAL NEWS.

Manitoba dairy butter sells for 20c at Kamloops.

Calgary's reception to the governor general cost the city \$202.54.

A number of prospectors have staked out gold mining claims in the Cypress hills.

Alvin Kehlulgren, said to be from Calgary, hung himself in a small building at Kamloops, B. C. on Thursday last.

The Winnipeg board of trade has appointed a committee to gather evidence for presentation to the freight rate commission.

Mica has been found on Mica creek across the lake from Nakusp. It is pure white, and blocks 18 inches square can be taken out. Four claims have been staked.

Calgary town council have passed a by-law granting a loan of \$6,000 to Mr. Ratcliffe who promises to erect and conduct a creamery, cold storage house and pork packing establishment there.

No word has as yet been received at the geological headquarters of the whereabouts of explorer Walter Tyrrell, who is accompanied by Mr. Munro Ferguson, of His Excellency's staff. The ice on Lake Winnipeg is generally formed by the 15th inst, and further north still earlier, making navigation impossible. In the event of his not having covered that distance he will have to camp until the ice formation is thick enough for safe travelling.

In a landslide at Shusharte bay on Vancouver island an avalanche of dirt and rock swept down the mountain side crashing into a log building containing four persons and carrying them and the debris 100 feet out to the beach. The tide was coming in and all were jammed between the logs of the building and debris. Three of them were rescued, but the water was already up to his neck when one of the men took an axe and chopped Harry Kipling's leg off in order to save his life. They tied the leg up as well as they could, but the poor fellow died under the treatment. Kipling and his companions were the pioneers of the Canadian Co-operative Commonwealth of Vancouver, and were preparing the way for other settlers.

The young conservatives of Toronto have formed a mock parliament for the winter months with J. Tyler as president.

The Presbyterian synod of the Northwest Territories and Manitoba will meet on Nov. 13th to 16th, in Knox church, Winnipeg.

In Manitoba if nine jurors agree, such agreement constitutes a verdict. In Ontario unanimity of the twelve jurymen is insisted upon.

A carload of apples infested with codlin moth have been condemned at Vancouver. The province is guarding itself against fruit pests.

By a change in the tariff of the C. P. R. the freight charges on apples this year are about 40c. a barrel more than last year. The railway company rated apples at 150 lbs. to the barrel last season which is a little below the average weight. This year the company is charging for the actual weight. —Manitoba Liberal.

When tobacco culture was first mooted at Okanagan Mission, those who entertained the idea that a good quality could be grown were few and scoffed at by the many. Messrs. Holman and Knox, who went in for the experiment, have by this season's crop amply proven that there is no use in decrying a new enterprise without first giving it a trial.

Tacoma, Nov. 9.—News from Alaska says A. Hayward and C. D. Lane, of San Francisco, have purchased 21 of the richest quartz claims in Silver Bow basin. England has laid claim to the head of Chilkoot Inlet, 400 miles northwest of Juneau, near Mount St. Elias. The claim is made as a result of the international boundary survey work, to establish a coal station.

The following notice has been received from the department of education, Regina: "All persons holding non-professional certificates of the third-class and desiring to qualify as teachers are required to complete a course at a local normal session, beginning January 2nd and ending March 15th. To enable the council to determine where these sessions should be held, intending candidates are requested to send forthwith their names and addresses to the secretary."

JAS. BROWN,
Secretary C.P.I.

OLD TIMERS' MEETING.

A general meeting of the Old Timers' association was held in Robertson hall on Tuesday evening. The president J. S. Gibbons in the chair. There was a good attendance and the proceedings opened with old time songs by D. Ross, the president J. S. Gibbons and the secretary.

A proposition by C. W. Mathers to take a group photograph of the association was accepted.

The date of arrival in the district which makes a person eligible for membership in the association was extended to 31st December '83.

It was decided to limit invitations to the association dinner on Nov. 22nd, to members of the association, but a special invitation was given the Rev. Father Lacombe and Rev. Dr. Newton.

It was also decided that H. S. Young be requested to prepare a short history of Edmonton, to be read at the dinner.

It was decided that the association dinner be held at Ross' hotel, and that the hour be 6 p. m. the price being \$1.50 per head, tickets to be procured from the secretary A. McNicol.

BOARD OF TRADE MEETING.

A general meeting of the Edmonton board of trade was held in the town clerk's office on Tuesday evening, J. A. McDougall in the chair.

A lengthy report by the council was read by the secretary and adopted.

The following telegram from the minister of the interior in reply to a telegram from the board asking as to the state of the bridge question was read.

OTTAWA, Nov. 13.

"Am in communication with public works department re bridge matter. Will urge strongly and wire Monday or Tuesday."

Correspondence with Mr. Kerr respecting a reduction of C. P. R. rates was read, with the report of the committee thereon. The committee was instructed to take up the question of freight rates on dressed meat. Mr. Oliver's name was added to the freight rate committee.

It was decided that the post office department be petitioned for a semi monthly mail service to the Athabasca Landing, and also for a weekly mail service to Lake St. Ann and intermediate points.

The secretary of the board was instructed to compile a report on the business, progress, prospects and resources of the district, with a view to publication if funds are available.

TOWN COUNCIL.

WEDNESDAY, Nov. 14th.

Communications were received from W. S. Robertson as agent re G. F. & J. Galt's assessment; J. C. F. Brown as recording secretary, asking permission to erect a street lamp for the I. O. O. F.; W. H. Clark re fire brigade; St. Geo. Jellett secretary of school board, asking the use of the council chamber as a school room; J. R. Turnbull, asking for a grant for the agricultural society.

The clerk was instructed to write W. S. Robertson that the council cannot now make any reduction in the assessment. Also to write J. C. F. Brown that there was no objection to a street lamp.

Gallagher-Sutter moved that the requests of the fire brigade, for exemption from taxes to the amount of \$2.00 and for a cupboard to keep papers in be granted and that the secretary furnish the clerk with a list of the members of the brigade in good standing.

McDougall-Strang. That the agricultural society be granted \$50.

McDougall-Strang moved that the report of the finance committee be adopted.

Gallagher-Strang. That the mayor and councillor Picard be a committee to formulate a telegram to Hon. J. A. Oulmet, minister of public works, inviting him to visit Edmonton.

MOCK PARLIAMENT.

The mock parliament met last night in the council chamber and the premier C. M. Woodworth, announcing his cabinet as follows: C. M. Woodworth premier and minister of justice, T. W. Chalmers, minister of interior, T. W. Lines, minister of public works and R. Hockley, finance minister, C. W. Sutter, was elected speaker. The appointments of Geo. Purches as sergeant at arms and of J. E. V. Carpenter as clerk and receiver general were announced. The governor general M. McCauley read the speech from the throne, which contained the usual congratulations. The announcement of the government's railway policy is deferred until the royal commission reports, but a full record of the tariff, management and finances of the railways will be laid before parliament annually. A proposition is to be submitted for the construction of a railway from some point on Lake Superior by way of the Saskatchewan valley and the Jasper pass to Port Simpson on the Pacific coast. The H. B. railway is to connect with this line and is to be completed within two years, under such conditions as will give the government a reasonable control of their tariff. The customs tariff is to be still further reduced with a view of cheapening the articles necessary to the farming community. Measures for the development of the coal and petroleum deposits of the Northwest will be submitted. Trade with China, Japan and Australia will be developed. The criminal code will be amended in certain particulars. A bill respecting the senate will also be introduced. The expenditures for the last and estimates for the ensuing year will be laid before the house.

The address in reply was moved by Mr. Spurr, seconded by Dr. McInnis, and spoken on by Messrs Purches, Marriaggi, Hockley, Chalmers, McCauley and Woodworth. It was carried by a majority of nine.
